No *idioma* do filósofo Jacques Derrida, «*point de vue*» consente uma dupla escuta e/ ou um duplo entendimento: tanto pode ouvir-se/ entender-se como «*ponto de vista*», no sentido de visão ou perspectiva, como no sentido de «*nenhuma vista*» e, portanto, de «*cegueira*».*

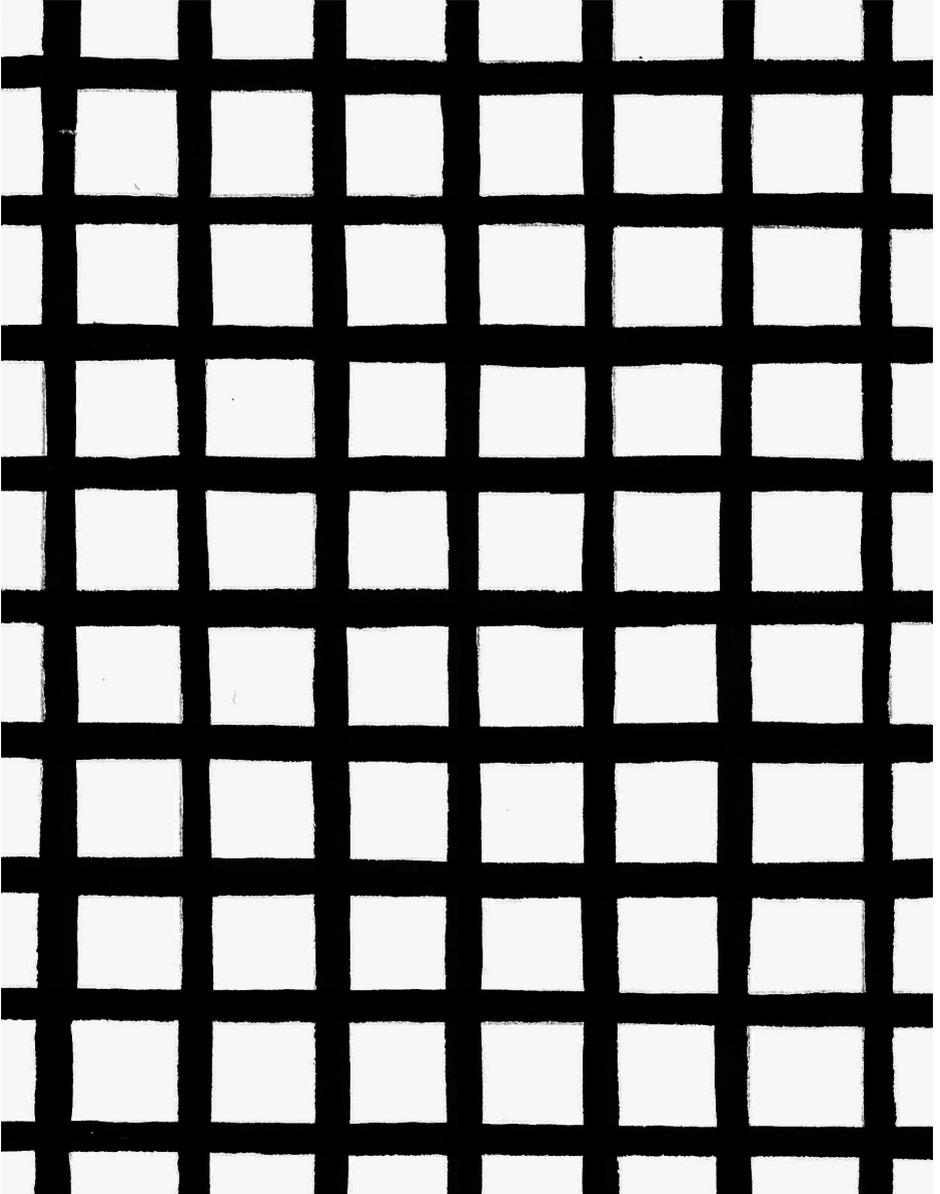

* Nota de tradução de Fernanda Bernardo, pág. 9 do livro de Jacques Derrida, "Memórias de Cego – O Auto-Retrato e Outras Ruínas", Fundação Calouste Gulbenkian, Lisboa, 2010.
